Our service

First impressions are important so our windows are custom made in our own factory from top quality materials.

Everyone has their own idea of what will make their home perfect, and our experts will draw on their knowledge and years of experience to help bring your dreams to life.

Think about the window design you would like and then talk to us about your ideas.

One of our experts will visit your home to take detailed measurements and confirm the design.

We'll make sure your new windows comply with all relevant building

regulations, including fire escapes, ventilation and toughened or laminated glass where necessary.

Our FENSA registration, insurance-backed guarantee and unique 25-year warranty ensure your peace of mind and have won us recognition on checkatrade.com, as well as Which? Trusted Trader status.

We'll take care of everything, and we pride ourselves on cleaning up and leaving your home spotless once the work is finished.

Manufactured to the highest standard from virgin quality uPVC, our frames are available in numerous colours and feature the latest security and locking systems fitted as standard.

Internal double glazing prevents the glass being removed from the outside and all our windows are A-rated for energy efficiency.

We have dozens of styles for you to choose from and combine with a huge range of glass patterns and furniture colourways.

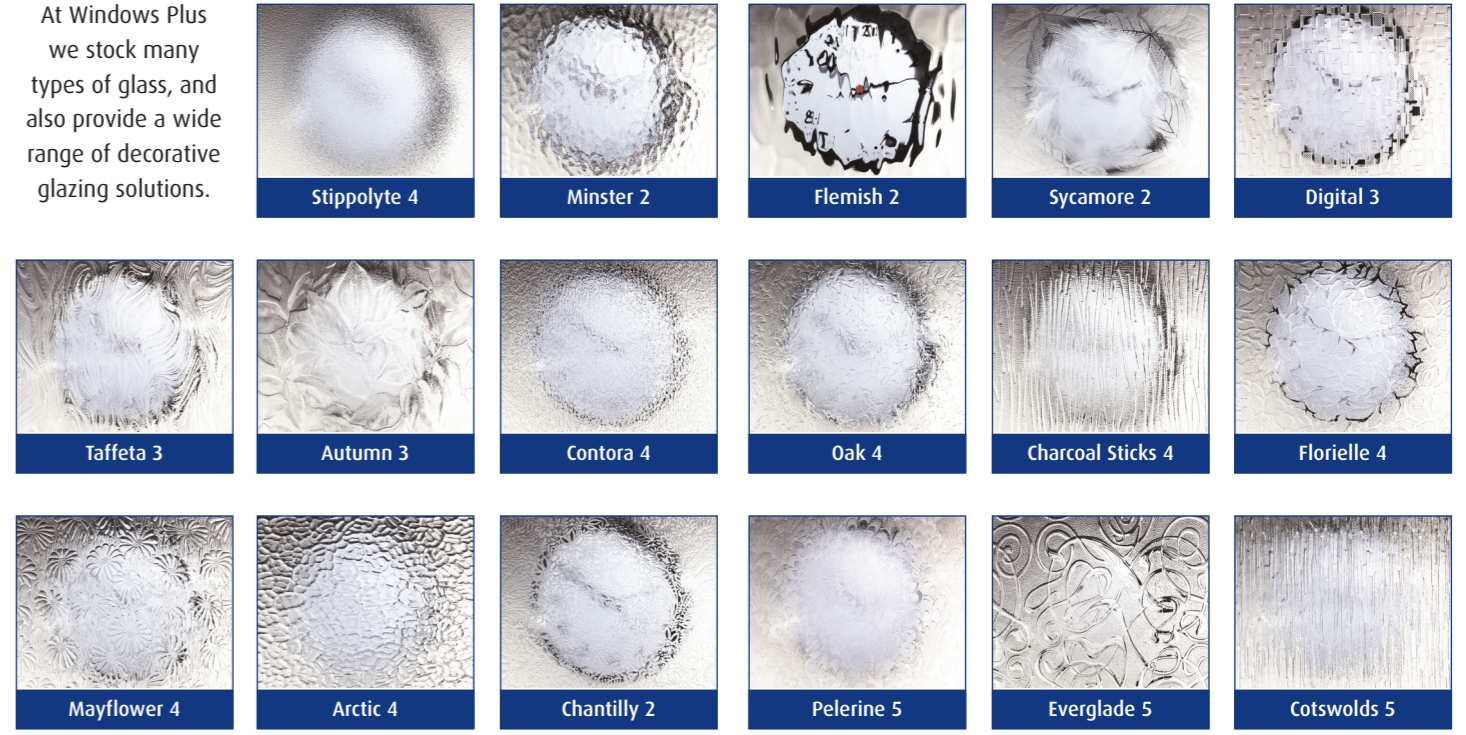

Grand designs

No matter what you have in mind, talk to us. If you can find it, we can do it... and the chances are, we already have.
